

I Am Everything I Am Not

Crime In Stereo

Forget the lesser parts of me
You and I are everything I am not

Forget the way
Don't walk away
You and I are everything I am not

This gets me here
This takes me home

She says, "Oh God, don't walk away"
All I am increasingly I am not

Forget the way
Don't walk away
You and I are everything I am not

This gets me here
This takes me home

We know all the ways that death can't see
We go all the places death won't be
We know what it takes to keep his sleep at bay
So I pray to God for a day

This takes me home
