

# I Am Everything I Am Not

Crime In Stereo

Forget the lesser parts of me  
You and I are everything I am not

Forget the way  
Don't walk away  
You and I are everything I am not

This gets me here  
This takes me home

She says, "Oh God, don't walk away"  
All I am increasingly I am not

Forget the way  
Don't walk away  
You and I are everything I am not

This gets me here  
This takes me home

We know all the ways that death can't see  
We go all the places death won't be  
We know what it takes to keep his sleep at bay  
So I pray to God for a day

This takes me home
