## **Crime Wave**

We belong to the crime wave Nobody from your wave Don't care about new wave Yeah-yeah we're the other wave

Don't you come around here, tryin' to bring us down We're the crime wave baby with the deadly sound We're the crime wave

We all dig gangland Nobody from winterland Yeah baby I like your lips Yeah-yeah-ya make me flip

But we don't like 'em, we don't like 'em We don't like the way they look at us

Don't come around here tryin' to bring us down We're the crime wave baby with the deadly sound We're the crime wave
