

Rock'n'Roll Enemy No.1

Crime

Don'cha come around here tryin' to talk to us
Baby, baby we're dangerous
Don'cha come around here with the same old news
We're barbed wired rockers, on a killer cruise

And dont'cha start tryin', tryin', tryin' to turn our heads
We'd rather be sleepin', oh yeah sleepin' in our beds
Get down

Rock and roll enemy number one
Rock and roll enemy number one

Don't you come around here tryin' to act so cool
Baby, baby we're power tools
Go ahead and set off all your public alarms
Know we're gonna make it, with our deadly charm

And dont'cha start tryin', tryin', tryin' to turn our heads
We'd rather be sleepin', oh yeah sleepin' in our beds
Get down

Rock and roll enemy number one
Rock and roll enemy number one
Rock and roll enemy number one
Rock and roll enemy number one
