

# Heart of Steel

Crimson Glory

Your love hides like a dark star  
Shining, hidden in fear  
Strangers feeding upon your soul  
Call me on through the darkness  
Hold me deep in yo eaven  
Touch me with fingers of velvet blue  
Fingers of mysty blue...  
Feelings deep as the oceanCold waves whisper their warning  
Danger walks with a fragile heart

Got to have a heart of steelHeart of steel  
Yeah, heart of steel

You journey through my mindOver the walls of pain  
Angels of lust guard my domainWhile dark eyes shine in the mirr  
orSearching for someoneStrangers, cold as the winter wind  
Fade away  
Got to have a heart of steel  
Heart of steel  
Got to have a heart of steel  
Heart of steel Lonely freedom, eyes on pain  
Tears will fall like silent rain  
Hearts will shatter, feelings fade  
Somehow it always seems the same  
My love hides like a dark star  
Laughing, hidden in silence  
Strangers cold as the winter wind  
Fade away  
Feelings deep as the oceanCold waves whisper their warning  
Danger walks with a fragile heart  
Walks with a fragile heart  
Got to have a heart of steel  
Heart of steel  
Got to have a heart of steel  
Heart of steel

Cause the feelings come and go  
And you never really knowIf th eling's ever real  
So you got to have a heart of steel

You got to have a heart of steel
