

# Trapped

Cripper

Silence  
Is to hear me scream  
I'm not loud at all  
Who's to tell me with no voice  
Nonsense to my ears

Wasted  
Is the ear that's deaf  
Listen to what I say  
Words will never free your mind  
Remaining unheard

No -- way out  
No -- regret  
No - thing

The shadows fall  
The light is low  
And the window's shut  
The backdoor's locked  
There's no way out  
You are exposed  
Trapped

Blinded  
By my dazzling light  
It's too dark to see  
What you see's not what you get  
Read between the lines

Shadows  
Are a lack of light  
No one's ever seen  
There is more than meets the eye  
Hiding in the dark

Senseless  
Not a feeling's left  
Fear the feel that hurts  
I am here, don't you remember  
Salt inside your wound

Worthless  
Stays a creation  
Kept inside a box  
I won't hide what I create  
'Cause it makes me free
