

# Good Girls (Don't Grow On Trees)

Cris Cab

[Big Sean]

When good girls gone bad they gone forever  
But if she goin' with me than she goin' for better  
Me without you that's the longest never  
Living like sunshine man we on forever

[Hook: Cris Cab & Big Sean]

Amen, I've learned my lesson  
Got a good girl, count your blessings  
Instead of spending them up on sexing  
Good girls don't grow on trees  
I was out in the world just messing  
With the bad girls, getting refreshed and  
Got a call from a girl just left  
Good girls don't grow on trees

[Verse 1: Cris Cab]

Look, I felt like it was yesterday  
The times we had that went away  
We're still young, but of course we felt a lot  
Now I've been living like a villain that's been shot  
I met her through a friend of mine  
Who told me that this girl was fine  
I picked her up and I started to figure out  
There's more on the inside than on the out  
(What she say, what she say)  
She said don't bother me  
She told me that I had to leave  
I wanted her just to believe

[Hook: Cris Cab & Big Sean]

Amen, I've learned my lesson  
Got a good girl, count your blessings  
Instead of spending them up on sexing  
Good girls don't grow on trees  
I was out in the world just messing  
With the bad girls, getting refreshed and  
Got a call from a girl just left  
Good girls don't grow on trees

[Verse 2: Cris Cab]

She helped me get my world intact  
She had my heart, I told her that  
Now it hurts every time I think about  
The very night that I started with acting out  
The morning brought a painful sun  
Knowing now just what I've done  
She always was the better half for sure  
The part of me in life that I preferred  
I gave her all of me  
Though I tore her up inside  
We still kept the love alive  
Amen!

[Hook: Cris Cab & Big Sean]

Amen, I've learned my lesson  
Got a good girl, count your blessings

Instead of spending them up on sexing  
Good girls don't grow on trees  
I was out in the world just messing  
With the bad girls, getting refreshed and  
Got a call from a girl just left  
Good girls don't grow on trees

[Cris Cab & Big Sean]

Woah, she's like a diamond out the rough  
You know the good girls tainted by the bad world  
The good girls hard to find  
Woah, she's like H2O, can't get enough  
Where are the good girls tainted by the bad world  
(Hey), yo, OK

[Verse 3: Big Sean]

Look, top floor of the hotel suite  
So connected that you know I got a motel cheap  
I'm saying I know I don't deserve the Noble Peace  
But damn, I don't deserve the "Go to hell" speech  
Don't believe everything you see up in a photo  
When I'm with you, I wish that time could move slow-mo  
The day I met your granny I dreamed about our family  
And maybe one day we'll turn that group into a photo

[Big Sean]

When good girls gone bad they gone forever  
But if she goin' with me than she goin' for better  
Me without you that's the longest never  
Living like sunshine man we on forever

[Hook: Cris Cab & Big Sean]

Amen, I've learned my lesson  
Got a good girl, count your blessings  
Instead of spending them up on sexing  
Good girls don't grow on trees  
I was out in the world just messing  
With the bad girls, getting refreshed and  
Got a call from a girl just left  
Good girls don't grow on trees

[Outro: Big Sean]

Yeah, yeah, yeah  
If you meet a good girl, what you gonna do Cris?  
Take her home, take her home, take her home  
If you meet a good girl, what you gonna man?  
Take her home, take her home, take her home  
If you meet a good girl what you gonna do Cris?  
Take her home, take her home, take her home
