Wild

Cris Cab

I threw my phone to the bottom of the sea
I was cutting all my time
Just trying to think spontaneously
Oh I wanted to be wild
After silence and closing my favorite CD
I'm not a little child
I kept all that I own in the bag next to me
Oh I wanted to be wild
Chorus:
Just free yourself, open up the door
Only you can find what you looking for
Kick down the walls, open up the door
Only you can find what you looking for
I am the mountain underneath my feet
One with nature and tranquility
Oh the higher I climb, the better I see
There is happiness in simplicity
On this morning I walk with the sun over head
I remember where I was born and bread
How I learned to walk, where I broke my leg
Oh these moments I could never forget
Chorus:
Just free yourself, open up the door
Only you can find what you looking for
Kick down the walls, open up the door
Only you can find what you looking for
Chorus:
Just free yourself, open up the door
Only you can find what you looking for
Kick down the walls, open up the door
Only you can find what you looking for
Verse 3:
On the fifth new moon I walk alone
I'll be circling back around again
If I ever make my way back home
I'll be freer that the blowing wind
Chorus:
Just free yourself, open up the door
Only you can find what you looking for
Kick down the walls, open up the door
Only you can find what you looking for
Chorus:
Just free yourself, open up the door
Only you can find what you looking for
Kick down the walls, oá¹—en up the door
Only you can find what you looking for
