

Dead By The Fistful Of Violence

Crisix

Aaaaagh!
THRASH!
Atomic waste is flowing into my veins
Invading my senses driving me to hate
I am becoming to a living dead
Dead by a fistful of radioactive...
Rage!

Pre-Chorus:
Desperation!
Control my brain!
Hail to extinction!
I'm going to kill you!

Crusher of bastards
Toxic crusade
You will become...
Dead by the fistful of violence!
Total disaster
In a world of fake and lies!

Running for your lives you can't understand
The reason of the attack for pleasure and pain
The meaning of your lives could be without sense
Enjoy senseless violence from the hands of the...
Dead!

Execution
Can you hear the screams from hell?
Another illusion?
No, it's true, you could be better off dead!
Violence!

Atomic waste is flowing into my veins
Invading my senses driving me to hate
I am becoming to a living dead
Dead by a fistful of radioactive...

Rage!
Dead by the fistful of violence!
Fuck everyone!
