

Holy Punishment

Crisix

Welcome to a land of pain
In the name of god... Black rain!

From the church
Comes the storm
Under sacred
Command of god

Like a black pestilence
Invade the land
Spreading violence
Like animals

It's time to die
Must be sacrificed
Eternal disgrace
Under punishment

Holy Punishment!

Time of war
People in chains
Crucifixion!
Rivers of blood
Virgins in flames
Inquisition!

It's time to die
Must be sacrificed
Eternal disgrace
Under punishment

Holy punishment
Holy...
You'll never see the light

Under holy attack
Troops of lies will rise
Under punishment
Holy punishment!

Piles of corpses return to life
Screaming for vengeance
Through the evil gates of hell
To kill god's disciples

This is the rebellion of dead
Murderers will be slaughtered
There's no fuckin' mercy
Welcome to our hell!

Holy punishment
Holy...
You'll never see the light
Under holy attack
Troops of lies will rise
Under punishment

Holy punishment!
