

Forever

Criss Angel

Rage
Saturates my inside
As my dreams turn to dust
Trust doesn't live there
... Creeps in my head
Oh, I wish you were dead
And never, and never hurt me

Victimize
Patronize
(Patronize)
Words can't be spoken to erase
She'd my skin
To begin
Forever
Forever
It's too late for me

Feel my pain
Seeping out
It's too late
It's too late
Feel my pain
Seeping out
Feel my shame
Ceeping out
It's too late

It's too late
(Forever)
It's too late
(For me, for me)
It's too late
Forever

It's too late
It's too late
Forever
Forever
Forever
It's to late
Forever

Forever
Forever
