

Why Me

Criss Angel

Now

I'm alone in the dark
With the lights turned on
Where no one knows me

Now

I wear my mask
To see who I am
But I don't know me

I don't wanna be here
(for breaking' me down)
I just don't wanna be anymore... no

Hey you

Why Me again

Hey you

Wish I could be someone else

(Truth, Truth, Truth)

The truth is hard to face
Yeah, when it stares you down

Hey you

Hey you

Why Me

(Please, please, please, please)

God, please tell me why

I'm lost inside

Where can I find me

I've lost the will to see

I've lost the will to be

It's always the same, the same

This time

I don't wanna be here

(for breaking' me down)

I just don't wanna be anymore... no

Hey you

Why Me again

Hey you

Wish I could be someone else

(Truth, Truth, Truth)

The truth is hard to face

Yeah, when it stares you down

Hey you

Hey you

Why (hey you) Me

Hey you

Why Me

I don't

Wanna be
