

## Street Justice

Cro-Mags

Street justice happening all around you see  
Won't try to talk my way out  
Don't try to play those speech games anymore  
Overpower-overcome

Street justice! Street justice! Street justice!

No way out gotta stand strong  
Can't you see that I'm not wrong  
That's the way it is and can't you see  
Street justice for you and me.

Street justice! Street justice!  
Street justice! Street justice!

If it really doesn't matter why do you care?  
Don't turn around if it's not your affair  
Don't try to play those speech games anymore  
Overpower-overcome

Street justice! Street justice!  
Street justice! Street justice!

Justice!!!
