

48 Grave

Crossbreed

Remember I
Never tried to
Sympathize, or recognize or want to leave
Remember I
Said to stay but,
You're body lie's within the lines a 48 Grave

This is the end, you never wanted to stay
This is the end, you never wanted to stay
This is the end, I never wanted to stay
This is the end

You stay... 48 Grave
You stay... 48 Grave

Remember I'm
torn on the inside
A form of identity
Remember I've brought you to save me
So never lie, I can't hear you breathing

This is the end, you never wanted to stay
This is the end, you never wanted to stay
This is the end, I never wanted to stay
This is the end

You stay... 48 Grave
You stay... 48 Grave

48 Grave
48 Grave
48 Grave

I never wanted to stay
I never wanted to stay
I never wanted to stay
