She waits down the hall,
For daddy to bring her out,
She cries,
She cries,
She dies,
A little each day
Yeah, yeah.

Now she's opened her eyes But she don't know why She's been taken

I'm losing more,
Than I had to give,
Yeah.
I'm sinking faster now,
With Anchors in,
Yeah.

I'm old and I'm faded,
To a world of my own,
I'm dying alone without you
I guess I'll carry on.

Now she's opened her eyes But she don't know why She's been taken

I'm losing more,
Than I had to give,
Yeah.
I'm sinking faster now,
With Anchors in,
Yeah.

Now I can't open my eyes, When I'm living. Now I can open open my eyes When I'm living.
