It's an omen

Oh now

It's an omen

It's an omen

Now the writing's on the wall

It won't go away

It's an omen

You just run an automation

Now the writing's on the wall

It won't go away

It's an omen

It's an omen

It's an omen

Now the writing's on the wall

It won't go away

It's an omen

You just run an automation

It's an omen

Now

It won't go away

Writings on the wall

Writings on the wall

Writings on the wall

Now the writing's on the wall

It won't go away

It's an omen

You just run an automation

Now the writings on the wall

It won't go away

It's an omen

It's an omen

It's an omen

Now the writing's on the wall

It won't go away

It's an omen

You just run an automation

Now it's an omen

Now it's an omen

Now it's an omen

Now it's an omen
