```
It's an omen
Oh now
It's an omen
It's an omen
Now the writing's on the wall
It won't go away
It's an omen
You just run an automation
Now the writing's on the wall
It won't go away
It's an omen
It's an omen
It's an omen
Now the writing's on the wall
It won't go away
It's an omen
You just run an automation
It's an omen
Now
It won't go away
Writings on the wall
Writings on the wall
Writings on the wall
Now the writing's on the wall
It won't go away
It's an omen
You just run an automation
Now the writings on the wall
It won't go away
It's an omen
It's an omen
It's an omen
Now the writing's on the wall
It won't go away
It's an omen
You just run an automation
Now it's an omen
Now it's an omen
Now it's an omen
Now it's an omen
```
