

Blindfolded Empty Hearts  
They Are Marching On The Line  
You Feed Them A Imitated Love And Decorated Lies  
"Go Follow The Light Then All The Fear Will Be Gone"  
"Don't Follow The Lies"  
Stand On Your Own

We Are Not The Marching Dead  
Come One, Come All Get Out Of My Head

Wake Up Tonight!  
We Were Born To Lead Not Follow  
Lost In The Fight  
Find Myself Inside Hollow Looking Glass

I See The Power And The Fame Are Falling  
We Never Follow Your System Is Failing

We Are Not The Marching Dead  
Come One, Come All Get Out Of My Head

Wake Up Tonight  
We Were Born To Lead Not Follow  
Lost In The Fight  
Take Me Far Beyond The Hollow Cause  
I've Given All I Have  
To Break The Cycle Of  
Living In The Past  
Beyond The Looking Glass

Wake Up And Change The Pace  
Before Your Life Has Gone And Passed Away Singing Woah Woah Oh  
Oh  
Stand Up And Leave This Place.  
There's Nothing Left, It Always Stays The Same Sing It Woah Oh  
Oh Oh  
Wake Up And Change The Pace  
Before Your Life Has Gone And Passed Away Singing Woah Woah Oh  
Oh

Wake Up! We Were Born To Lead! Wake Up!
