

# Make You Mine

Crossin Dixon

## 1st Verse

You caught me lookin' at you  
Tryin' hard not to show it  
Tryin' hard to control it  
Hopin' you wouldn't see

## 2nd Verse

Yeah, but no one could blame me  
You're so one-of-a-kind  
Walked right out of a scene in my dreams  
I'd love to make you mine

## Chorus

And not a day go by  
I wouldn't kiss you  
Not a minute apart  
I wouldn't miss you  
There'd never be a time  
When I wouldn't let you shine  
And if you doubt my love  
I'll be there to show you  
If your skies go grey  
I'll be there to hold you tight  
I'd love to make you mine

## 3rd Verse

Baby, I'll be the one  
You thought never existed  
The shinin' light in this twisted world  
That won't ever burn out

## 4th Verse

I'll never leave you guessin'  
Look right here in my eyes  
I'll never try to deny it  
I'd love to make you mine

(Repeat Chorus)

## Bridge

I'd love to walk up and tell you  
Reach my hand out and take you

## Tag Chorus

Not a day go by  
I wouldn't kiss you  
Not a minute apart  
I wouldn't miss you  
There'd never be a time  
When I wouldn't let you shine

And if you doubt my love  
I'll be there to show you  
If your sky goes grey  
I'll be there to hold you tight  
I'd love to make you mine  
I'd love to make you mine  
I'd love to make you mine
