1st Verse

You caught me lookin' at you Tryin' hard not to show it Tryin' hard to control it Hopin' you wouldn't see

2nd Verse

Yeah, but no one could blame me You're so one-of-a-kind Walked right out of a scene in my dreams I'd love to make you mine

Chorus

And not a day go by
I wouldn't kiss you
Not a minute apart
I wouldn't miss you
There'd never be a time
When I wouldn't let you shine
And if you doubt my love
I'll be there to show you
If your skies go grey
I'll be there to hold you tight
I'd love to make you mine

3rd Verse

Baby, I'll be the one You thought never existed The shinin' light in this twisted world That won't ever burn out

4th Verse

I'll never leave you guessin'
Look right here in my eyes
I'll never try to deny it
I'd love to make you mine

(Repeat Chorus)

Bridge

I'd love to walk up and tell you Reach my hand out and take you

Tag Chorus

Not a day go by
I wouldn't kiss you
Not a minute apart
I wouldn't miss you
There'd never be a time
When I wouldn't let you shine

And if you doubt my love
I'll be there to show you
If your sky goes grey
I'll be there to hold you tight
I'd love to make you mine
I'd love to make you mine
I'd love to make you mine
