

# Cleanse Me, Heal Me

Crowbar

Three days of detox  
I'm sweating and scared  
My head's spinning out of control  
It's draining my will  
And it's leaving me weak  
It's taking my body and soul

I'm all alone  
Fighting to live  
Taking my all  
There's nothing to give

Please God take my hand  
And lead me through the dark times  
I'm weak I know  
Lead me with a clear mind  
Don't let me go!

I answer to my own lies  
My weakness shows  
Slowly my disease dies  
Don't let me go!

I'm seeing the light  
But it's distant and dim  
At least it is bringing me hope  
Created this world I am struggling in  
At last I am learning to cope

I'm all alone  
Dying to live  
It's taking my all  
There's nothing to give

Please God take my hand  
And lead me through the dark times  
I'm weak I know  
Lead me with a clear mind  
Don't let me go

I answer to my own lies  
My weakness shows  
Slowly my disease dies  
Don't let me go!

I'm gonna pull through!

Cleanse me  
Heal me

Cleanse me  
Save me

Lead me through the dark times  
I'm weak I know  
Lead me with a clear mind

Cleanse me  
Heal me

Cleanse me  
Save me

Cleanse me  
Set me free!
