

## High Rate Extinction

Crowbar

Reign over you another day  
Take all I can  
Slave to me there's no other way  
Break all I can  
Come and taste me  
Stay and praise me  
Take all I can while I burn you down  
Weak man  
Weak mind  
You know you never will be free  
Come for you time after time and again

Crawl with me

Give me what I need from you  
Don't question why  
On your knees in front of me  
Weak man  
Weak mind
