

I Have Failed

Crowbar

Rule me no more
I control my mind
I will not give myself to you again
Weakness is pain
Your strength is twisting me
I've never felt so helpless and alone

I have failed

Nowhere to turn
There's growth in pain I feel it
I pray to God it's not too late for me
Hard to believe on man could lose to such
All that I've lost can never be conceived

I have failed
