

## World Where You Live

### Crowded House

Here's someone now whose got the muscle  
His steady hand could move a mountain  
Expert in bed but come on now  
There must be something missing  
That golden one leads a double life  
You'll find out

Tell me I don't know where you go  
Do you climb into space  
To the world where you live  
The world where you live

So here we lie against each other  
These four walls could never hold us  
We're looking for wide open spaces  
High above the kitchen  
And we're strangers here  
On our way to some other place

Tell me I don't know where you go  
Do you climb into space  
To the world where you live  
The world where you live  
The world where you live

Friends come round  
You might remember and be sad  
Behind their eyes is unfamiliar

Do you climb into space  
To the world where you live  
The world where you live  
To the world where you live  
To the world where you live  
To the world where you live  
To the world where you live  
To the world where you live
