

One Fine Day

Crown Of Glory

Some days will fade to gray
Good times seem far away
Who knows what future holds
'Cause life knows all the dirty tricks
Each time you find yourself
Lying flat on your face
That's life, you can't deny
Pick yourself up get back into race

From the cradle to the grave
This is the only life I'll live
I just can't complain
The joy of life is worth the pain

Fate gives the stick on me
Life left some scars you'll see!
I won't get off the track
I haven't come this far to quit right now
Been loosing many fights
But I won't lose my faith
Will give it one more try
I grab my chance, I still believe

I go all the way to my dreams
Destiny guides me along dusty roads
'Cause I choose to be free to be me
This is my time and my life and I do it my way

I've learnt from my mistakes
I'm standing up again
Pick up my broken dreams
The paths we chose decide our fate
Believe in what I am
Ready to ride for a fall
I step up to the plate
What doesn't kill you makes you stronger
