

# Millennia

## Crown the Empire

In this shadow  
Didn't seem to care at all when you watched me go  
I know your love is just a dream  
You were only 17  
But you're the only love I've known.

So please just let me go

So please set me free, kill the spark.

I've been gone  
From this world for what seems like millennia  
Looking for nothing short of a miracle  
I only ever wanted to come home  
Please won't you let me go  
When I have no one left I can run away  
Will you lie to me; tell me I'll be okay?  
Close my eyes and lay me in my tomb  
Now pull the trigger and send me home

So how did I get so far from my yesterday?  
Another broken heart, now just a memory  
I should have left you in the dark  
I should have left this awful town and never found another love.

So why do I not know about the things that you regret?  
When love went down, and over and done.  
Get away from me, and leave my heart under the rug.

I've been gone  
From this world for what seems like millennia  
Looking for nothing short of a miracle  
I only ever wanted to come home  
Please won't you let me go  
When I have no one left I can run away  
Will you lie to me; tell me I'll be okay?  
Close my eyes and lay me in my tomb  
Now pull the trigger and send me home

So send me home.

I've been gone  
From this world for what seems like millennia  
Looking for nothing short of a miracle  
I only ever wanted to come home  
So won't you let me go  
When I have no one left I can run away  
Will you lie to me; tell me I'll be okay?  
Close my eyes and lay me in my tomb  
Now pull the trigger and send me...
