

Satellites (Act III)

Crown the Empire

Am I too desperate to curl up in all the noise?
Do I mean nothing?
Another angry voice?

Did I even have a choice?
Did I only make things worse?
I am just another angry voice?

Then I hear the hearts sing
Eh, eh oh, eh oh
Eh, oh eh oh
Eh, eh oh, eh oh
Then I hear the hearts sing
Eh, eh oh, eh oh
Eh, oh eh oh
Eh, eh oh, eh oh

Will you remember me after the lights go out?
Will you remember me after the sun goes down?
Will you remember me after the lights go out?
Will you remember me after the sun goes down, and down, and down?

And when I worry can I look up to the satellites and hear them
call your name?
Then I'll know I can't be the only star in the world that's trying
to burn
So look up to the satellites and hear them call your name
They're singing
Eh, eh oh, eh oh
Eh, oh eh oh
Eh, eh oh, eh oh
I know that I'm never alone
Eh, eh oh, eh oh
Eh, oh eh oh
Eh, eh oh, eh oh
