

# The One You Feed

Crown the Empire

In the wake of my broken dreams  
In the dirt and the dust and the days that felt like weeks.  
I find the person that I'm meant to be

Cuz when I felt like giving up  
When death was closing in  
I shut my eyes  
And black out the darkness with light from inside

I've given more  
Than what I've got  
I've given all  
Of what I'm not  
I've watched this war consume all that we could become  
Facing my fears in the dark  
But if I die  
Before it's done  
Please take these words  
My final thoughts  
The only way to shine your light is in the dark.  
So never let life kill your spark

This is the fallout  
Yeah it's the end of the world  
Go spread the noise to everyone and let them all know you heard  
A system meltdown  
It's time we expose  
The cause of chaos is our own

I've given more  
Than what I've got  
I've given all  
Of what I'm not  
I've watched this war consume all that we could become  
Facing my fears in the dark  
But if I die  
Before it's done  
Please take these words  
My final thoughts  
The only way to shine your light is in the dark.  
So never let life kill your spark

Never let life kill your spark(2x)
