

## Bad Hangover

Crucified Barbara

When the hangover hits you like a  
rock in the head  
Eating all you thoughts 'till you wish  
you were dead  
I've got five more drinks to finish before  
the night is back again and I'm ready for more

1,2,3,4, five more give me some more  
1,2,3,4, five more give me some more

I've got a bad hangover  
World is turning upside down  
I'll never go there again, where I just been  
Bad hangover  
Oh man, next time I'll stay sober  
I've got a bad hangover  
Feeling like shit 'cause the devil's  
on my shoulder

I don't know who I am and I don't know  
where I've been  
I woke up with my boots on in a bottle of gin  
I've been beatin' and kickin'  
both my hands are sore  
I've been under the influence of bad alcohol

1,2,3,4, five more give me some more  
1,2,3,4, five more give me some more

I've got a bad hangover  
World is turning upside down  
I'll never go there again, where I just been  
Bad hangover  
Oh man, next time I'll stay sober  
I've got a bad hangover  
Feeling like shit 'cause the devil's  
on my shoulder
