

My Heart Is Black

Crucified Barbara

A knife cuts deeper than a hammer's fall
but the pain is the same when
you're losing it all
Check out the fading star in the sky
The eightball says it's time to die

The lucky one cryng
I've got blood on my hands
Never been a figther
But I'll do it if takes

I'm a fucked up player and the times is out
for the beautiful guy this song is about
Life is bitch and so am I you see
I dedicate my love to a flying-V

The lucky one cryng
I've got blood on my hands
Never been a figther
But I'll do it if takes

The sound is coming closer
I feel it in veins tonight
Shame on me, my heart is black
The sound is taking over
Becoming me, I cannot breathe
Shame on me, my heart is black

No on can me stay
And nothing can stop me from acting this way
I'm alone for sure but I'm standing tall
When the rest of you are losing it all

The lucky one cryng
I've got blood on my hands
Never been a figther
But I'll do it if takes

The sound is coming closer
I feel it in veins tonight
Shame on me, my heart is black
The sound is taking over
Becoming me, I cannot breathe
Shame on me, my heart is black

Never been a fighter
but I'll do it if it takes
I've got blood on my hands
My heart is black
