

## Rise and Shine

Crucified Barbara

They're all standing in a line  
Waiting for the sign  
Wondering who is next  
To find glory and success

They won't look me in the eye  
'Cause they now that any day  
They'll might have to push me down  
'Cause I'm standing in their way

Walking over bodies to be the one in the lead  
There is no excuse, no regrets, just greed

I won't follow  
The ones that bring me down  
Who sacrifice it all  
Cross the line to rise and shine  
I won't follow  
I'll walk the other way

As they sacrifice it all  
Cross the line to rise and shine

They're standing in the line  
Dying to fit in  
The fucked up humankind  
Won't stop for anything

Walking over bodies to be the one in the lead  
There is no excuse, no regrets, just greed

I won't follow  
The ones that bring me down  
Who sacrifice it all  
Cross the line to rise and shine  
I won't follow  
I'll walk the other way  
As they sacrifice it all  
Cross the line to rise and shine
