

Sex Action

Crucified Barbara

Ready for a Friday night?
Damn no this town gonna stand in my way

Getting late I gotta go, I suppose
Let's save our worries for another day
Gonna get myself a nasty ride

Sex action you could be the one tonight
We got sex action
We do it til we get it right

There are you and here am I
No bullshit can keep us apart tonight
Let's save our problems for a rainy day
Gonna take you on a nasty ride

Sex action you could be the one tonight
We got sex action
We do it til we get it right

Ready for a Friday night
Let's do it til we get it right

Sex action you could be the one tonight
We got sex action
We do it til we get it right
