

## Forces of Hades

Cruel Force

Satan our father  
We're ready to strike  
Summon all evil  
Bring death to mankind

Watch the sky  
Is turning to red  
Heretic forces  
Will call the living dead

Now it's time  
Forces of Hades  
Forces of Hades

Forces of Hades will rule tonight  
Forces of Hades will crush with pride  
Forces of Hades will rule tonight  
Forces of Hades crush the sky

Belial, Leviathan all hail  
Shemamforash  
Teach us evil  
And fuck virgin flesh

Open the gates  
Sign of the horns  
Tyrants reign  
Will never fail

Now it's time  
Forces of Hades  
Forces of Hades

Forces of Hades will rule tonight  
Forces of Hades will crush with pride  
Forces of Hades will rule tonight  
Forces of Hades crush the sky
