

# Light Of The Day

Crush 40

[Verse]

As we fall, every moment  
Standing proud, in shadows  
We will follow, we will lift  
When you need us, we'll be there

When you're let down, we'll lift you up  
Best that we can  
And you're drowned out by the sound of why  
Who, what, and when  
But I know you are

[Chorus]

On your way up to the light of the day!  
Reaching higher in every way!  
Way up, to the light of the day!  
I can see you now turning away!!!

[Hook]

As we fall, every teardrop  
Standing proud, by your side  
We will follow, through the valleys  
When you need us, we'll be there!!!

And I know you are  
When you see that light, and you walk on by  
You'll know when, you'll know when it's right

[Chorus repeat]

[Bridge] Hey! All right!  
Whoa!!!!!! Yeah!!!!!!

[Chorus repeat]

Oh! And I know,  
You're my light, you're my light, you're my light!!!!!!  
In a dark and stormy day!!! Hey!!!  
Call me on your way up...
