Goddamn Life

Crush Luther

Goddamn life he gave me
Stayed too long already
Would it be too much to give me
Somebody who wants to keep me?
Goddamn baby left me
Goddamn preacher save me
These goddamn people hate me
Oh, they hate me
If I could fix it I would
It'd be the better thing for me
If you would fix it you could, is what she said to me
The woman is right you know
'Cause women they always know
Who's gonna save my soul?
Goddamn life he gave me
Stayed too long already
Would it be too much to ask me
What I want for once, just ask me
Goddamn baby left me
Goddamn preacher save me
These goddamn people hate me
Oh, they hate me
