

## King For A Day

Crush

I'm fresh out of regret  
Smoked my last cigarette  
Down to the very end like it was a cure  
My head's turned upside down  
Smile like a party clown  
Can't get this coffee down  
It's colder than cold  
Bridge  
I don't want to go on about it  
But how the hell can I live without it  
Chorus  
I can see for miles around  
Oh for crying out loud  
Every face in the crowd  
Oh is looking at us  
Sweet amazing grace  
Everytime every space  
Everything in it's place  
Like I was King for a day  
I threw this window pane  
There's no one left to blame  
But then it's all the same as long as she shows that  
Face like a beauty queen  
Straight form a magazine  
Swear that's she's always been the last to know that  
Bridge/chorus  
King for a day  
Like I was king for a day  
King for a day  
Chorus x2  
Like I was king for a day  
King for a day  
I was King  
Oh yeah  
Yeah Yeah Yeah
