

Until The End

Crush

Stars fall down but never reach the floor.
Just like i'm trying to do not to hurt.
But heart aches when i can't reach your hand,
yeah i'm heart aches but still it understands.

There is no way to check my vital signs.
Not a way to make up my own mind.
Not a way to cry, no more tears to wipe,
still i wanna keep on trying until the end.

Rain falls down and make this ground so cold.
But my eyes can't be wet anymore,
cause heart acheswhen i can't reach your hand.
But it's been aching for too long now to stand.

There is no way to check my vital signs.
Not a way to make up my own mind.
Not a way to cry, no more tears to wipe,
still i wanna keep on trying until the end.
