Stars fall down but never reach the floor.

Just like i'm trying to do not to hurt.

But heart aches when i can't reach your hand,

yeah i'm heart aches but still it understands.

There is no way to check my vital signs. Not a way to make up my own mind. Not a way to cry, no more tears to wipe, still i wanna keep on trying until the end.

Rain falls down and make this ground so cold. But my eyes can't be wet anymore, cause heart acheswhen i can't reach your hand. But it's been aching for too long now to stand.

There is no way to check my vital signs. Not a way to make up my own mind. Not a way to cry, no more tears to wipe, still i wanna keep on trying until the end.
