

## As I Sleep

Cryonic Temple

Long distance far away, You're leaving me  
Why couldn't you stay  
I run hear you calling my name  
And I'd be there...  
Then you're not around!  
You gave everything, then you took it  
All away from we

As I sleep  
I'm watching you inside my dreams.  
You're everything  
You're everything to me  
As I sleep  
I'm watching you inside my dreams.  
You're everything  
You're everything to me

Do you remember the times we had..  
Those times maybe gone  
But the memorise left  
We had it all but I gave it away.  
The times has changed and never coming back  
You gave everything, then you took it  
All away from me

As I sleep  
I'm watching you inside my dreams.  
You're everything  
You're everything to me.,  
As I sleep  
I'm watching you inside my dreams.  
You're everything  
You're everything to me.
