

Rivers Of Pain

Cryonic Temple

Corrupted corporations justifying genocides
Rich destroying the poor, entertainment at home
Well dressed freak shooting from a roof
Innocents that dies, makes interesting news

Gang wars entertains you from your TV screen
Body counts are much more fun to watch than facts
A TV queen is winning a shemale beauty contest
If you do not like it, change the bloody channels

Meanwhile a hungry abandoned newborn cries
while the rats draws closer
Meanwhile a homeless junkie dies of an overdose
Why care, since its not you?

Watch the arrows cross the sky
Watch the danger in the eye
Listen to the people as the cry/humans as they lie
At the rivers of pain

Staring at the TV, soaps instead of news
The remote control it makes you feel as a semi god
Living in a dream building up the walls
Exiled from the truth in you're internal world

Anger, anger, struck by wrath
Fire, fire, burns inside your soul
Pain, pain, kill the pain with drugs
Fire, fire the TV queen is lost
