

# Digital World

Crystal Ball

[Music: Sweeney / Leach, Lyrics: Sweeney]

An old man's dream  
A future revelation  
Creation of the new machine  
Cyber screams, hard megabyting  
Your eyes dissolve into the screen

All the systems and all sub-routines  
All replications, nothing's what it seems

Digital world - digital dreams  
Digital world - cybernetic evolution  
Digital world

All we want are virtual constructions  
Living in computer wastelands  
Red alert and panic reactions  
The virus lives inside our dreamworld
