

Mozart Symphony

Crystal Ball

Out of my mind - picture the scene
She's alive - tonight
Need to know - will I fall or succeed, that's all
It turns me insane

I wish I had not been charming you up
I call to the dreams in my head
I scream out and cry for falling in love
'Cause you're not the love I can win

She's like a Mozart symphony - She's like a hot sweet harmony
She's like a Mozart symphony - She's just vision in my memory

Broken inside - heart is on fire
Nowhere left - to hide
For so long... your shadow it haunts me... no
Don't turn me away
