

Savage Mind

Crystal Ball

Drifting on the streets again
I stand out in the rain
Stumbling there ain't no hold
My feet are losing ground

I can't believe the things you've said
Forcing a mental overload
The shock is over, the pain remains
Pictures in my head

I wished that I had been the one
To save your soul
I'd take your hand and change the world
To make it all undone

Savage mind
No one can stop me
Savage mind
They'll all fall down
Savage Mind
A scream of anger
Exploding in my head

Trying to leave it all
Behind a wall of lies
I can't back down calling for revenge
They've got a price to pay

I wished that I had been the one
To save your soul
I'd take your hand and change the world
To make it all undone

Savage mind
No one can stop me
Savage mind
They'll all fall down
Savage Mind
A scream of anger
Exploding in my head

Savage mind
No one can stop me
Savage mind
They'll all fall down
Savage Mind
A scream of anger
Exploding in my head

Savage mind
No one can stop me
Savage mind
They'll all fall down
Savage Mind
A scream of anger
Exploding in my head

It drives me nuts
My head explodes
