

Soul Mate

Crystal Ball

I wonder where you were tonight
You should be here right by my side
But you were nowhere in sight

Your love is killing me inside
You ask me: "do you feel alright?"
After all we left behind

Don't be afraid
You're still in my head

You're my soul mate
It's a true state
Don't hesitate
And heaven will wait

You know I don't need no advice
You know I don't need any lies
Shut up, you better think twice

Maybe one day you'll realize
And you will see it in my eyes
I love you real with all your smiles

Don't be afraid
You're still in my head

You're my soul mate
It's a true state
Don't hesitate
And heaven will wait
You're my soul mate
It's a true state
Don't hesitate
And heaven will wait

You're the one who made a stand
I just had to make you mine
Here I am, you're just my friend
Is this the end?

You're my soul mate
It's a true state
Don't hesitate
And heaven will wait
You're my soul mate
It's a true state
Don't hesitate
And heaven will wait
You're my soul mate
It's a true state
Don't hesitate
And heaven will wait
