I wonder where you were tonight You should be here right by my side But you were nowhere in sight

Your love is killing me inside You ask me: "do you feel alright?" After all we left behind

Don't be afraid You're still in my head

You're my soul mate It's a true state Don't hesitate And heaven will wait

You know I don't need no advice You know I don't need any lies Shut up, you better think twice

Maybe one day you'll realize
And you will see it in my eyes
I love you real with all your smiles

Don't be afraid You're still in my head

You're my soul mate
It's a true state
Don't hesitate
And heaven will wait
You're my soul mate
It's a true state
Don't hesitate
And heaven will wait

You're the one who made a stand I just had to make you mine Here I am, you're just my friend Is this the end?

You're my soul mate
It's a true state
Don't hesitate
And heaven will wait
You're my soul mate
It's a true state
Don't hesitate
And heaven will wait
You're my soul mate
It's a true state
Don't hesitate
And heaven will wait
