

# Till The Whiskey's Gone

Crystal Bowersox

You told me you thought you were through with these pretty big  
You're drinking up from my loving cup and now you're telling me  
goodbye!

But I ain't done, I ain't giving up, they gonna let you pass me  
by

So sip that down, have another round, cause we're running dry!

Cause this ain't over til the whiskey's gone

This ain't over til I leave!

Oh honey, you don't love me now, you with me for Cause this ain  
't over til the whiskey's gone oh yeah, yeah!

Uh, uh, uh, uh!

I thought that if I brought you here, we'd have a drink or two  
Maybe I could change your mind, cause I'm still in love with yo  
u!

But you ain't drunk, I ain't giving up, I gotta get through to  
you

My glass might be half full, but I'm empty without you!

Cause this ain't over til the whiskey's gone

This ain't over til I leave!

Oh honey, you don't love me now, you with me for Cause this ain  
't over til the whiskey's gone, hey, hey!

Oh, oh well you, you're all I need

I chased you down to the bottom of the bottle, a long neck memo  
ry.

You're so cold, cold depend on me

Cause I've been blowing your mind and pour it away

Maybe that will make you see!

It ain't over til the whiskey's gone (til the whiskey's gone)

This ain't over til I leave!

Oh honey, you don't love me now, you with me for Cause this ain  
't over til the whiskey's gone!

It ain't over til the whiskey's gone

This ain't over til I leave!

Oh honey, you don't love me now, you with me for Cause this ain  
't over til the whiskey's gone!

It ain't over til the whiskey's gone

This ain't over til I leave!

Oh honey, you don't love me now, you with me for Cause this ain  
't over til the whiskey's gone!
