

## Crimewave

## Crystal Castles

Eyes lit  
I pawn short breaths  
A fawn's dark eye lids  
But life's breath like a sun against my head

Eyes lit  
I pawn short breaths  
A fawn's dark eye lids  
But life's breath like a sun to repent

Eyes lit  
I want short breaths  
I've got dark eye lids

Nice breasts  
I need the sun in to repent
