

# Killer

## Crystal Eyes

Eyes of fire. The streets are alive  
Hounds of darkness are calling  
From the shadowed side of midnight  
I return with no warning

Killer - Prowler - Hunter  
Behind your back  
I'm a killer, a prowler  
Meant to follow the slide of the blade

Light my journey through the dark  
Time is dawning for a sacrifice  
I'm ready for the night

One desire and one way to ride  
Desperate hunger to murder  
Always waiting at the alley  
For a prey to devour

Killer - Prowler - Hunter  
Bound to destroy  
I'm a killer, a prowler  
At the hour of twilight I reign

I'm ready for the night  
I'm ready for the night  
I'm ready to offer the blood of my victims tonight
