

## Rage on the Sea

Crystal Eyes

Lightning strikes on the wild raging sea,  
the storm rules in the air  
Roaring thunder in the burning horizon,  
waves high in the sky  
But the warriors on the ship of hate  
will stay in their course  
Thunderstorm will not stop the rage  
or the cry for blood

On and on, in the storm  
Through the horizon  
Wind in their sails  
Lust for fight, kill and rape

Tyrants out on the sea  
Death awaits in their steel  
This battleship will be your end  
Hungry eyes of the pirates  
Anger grows on the sea  
By the sword you will die

Breaking the waves like a sword in the wind,  
with the flag in the sky  
Searching for flesh to their steel,  
they will show no mercy  
Eternal evil, hate and pride,  
there's no escape  
Glory shines in their eyes,  
to pride to die
