

Temple of immortal shame

Crystal Eyes

Jaws of devastation
breathing fire in my face
Words of oppression bite me with disgust

Eyes of condemnation
piercing my forsaken soul
Another sacrifice has to be done

In the altar's shadow
I confess my heresy
I'm a perfect sinner,
unbound and free

All my demons come alive
inside the temple of immortal shame
Lord, have mercy on me now!
I have no other choice but to lie
straight in the face of Death

Claws of frozen hatred
wrapping tight around my neck
as I'm allowed to answer the foul beast

Can I cheat to be spared
from the hand of slavery
or will my true intentions be revealed?

Life, only for the brave
Whips and chains, only for the slaves
I am no slave!
